

Heading	Action	Timing
Background	<ul style="list-style-type: none"> ➤ Cumbria has six districts that have a reporting responsibility under HECA. ➤ It is intended that these districts will report collectively. ➤ Any such reporting will cover only those activities over which they either have a direct control over the outcomes, or to those which they can influence through policy. ➤ Carbon Saving and Fuel Poverty are identified as a high priority by all the districts and the County Council ➤ The responsibility for the collection and dissemination of HECA interventions will be placed with the Housing Quality Group, who are a sub-group of the Cumbria Housing Officers Group (CHOG), reporting to the Cumbria Housing Executive Group (CHEG) <p>The remit of these groups covers all housing tenures across Cumbria and has active participation from leading social housing providers, and other stakeholders who make important contributions to the delivery of warmer, safer, and more affordable homes across Cumbria.</p>	Policy 2012 -15
Cumbria Priorities	<p>Cumbria’s main concern in relation to energy efficiency is its impact on: -</p> <ul style="list-style-type: none"> ➤ Fuel Poor Homes ➤ Rural Fuel Poverty ➤ Effects on Health and Wellbeing, including Mental Health ➤ Social Exclusion <p>In order to establish a baseline for future comparison, each district will use the current ECP data from Landmark , to establish a baseline in relation to the current average SAP for their area by lower super output area, this data will be updated on a bi annual basis to demonstrate improvements.</p>	Current
Measure that will result in energy efficient improvements to residential accommodation.	<p><u>Energy Company Obligation</u></p> <p>There will be a proactive Cumbria wide program that will identify and deliver measures through direct interventions into homes across the county.</p> <p>Each district will identify areas of priority and an Area/Community Based Approach will be used to promote installed measures and more within these communities.</p> <p>Particular attention will be given to the promotion and take up of the Home Heating Cost Reduction Obligation (HHCRo) through a proactive referral network across Cumbria.</p> <p>We will seek to work with local community groups, and trusted partners such as CAB, Age UK, and HIA’s, and target areas will also benefit from other social interventions such as, advice on Behavioural Change and Financial Inclusion projects such as the Energy Best Deal.</p>	May 2013

Heading	Action	Timing
	<p><u>Green Deal</u></p> <p>Cumbria is working with National Energy Action on a DECC funded project that seeks to inform local councils on the best delivery approach called “ A Green Deal Fit for Cumbria”, further funding to help promote this project has been awarded through Cumbria County Council.</p> <p>A program for delivery is to be agreed that will, through the local government political processes, allow members to select which method of delivery is best suited to their areas, as described in the LA Green Deal guidance documents, that being: -</p> <ul style="list-style-type: none"> ➤ Green Deal Provider ➤ Green Deal Partner ➤ Green Deal Promoter <p>In the mean time the market will lead in relation to the take up of Green Deal by early adopters.</p>	<p>Sept 2013</p>
	<p><u>Social Housing</u></p> <p>Residential Providers within Cumbria are already seeking agreement with energy companies to deliver the Energy Company Obligation direct to their tenants, as part of their ongoing commitment to the future improvements to their dwelling stock. This allows both the Provider and the Energy Company to engage in longer term financial and maintenance planning.</p> <p>Providers will also be requested to provide details of other energy efficiency measures improvements such as: -</p> <ul style="list-style-type: none"> ➤ Alternative Heating Provision (RHI) ➤ Replacement Windows ➤ Replacement Boilers 	<p>On Going</p>
	<p><u>Competent Persons Schemes</u></p> <p>Each district will record the number of measures installed under these schemes, through their building control records: -</p> <ul style="list-style-type: none"> ➤ Replacement Boilers ➤ New Heating Systems ➤ Replacement Glazing and Doors ➤ External Rendering ➤ RHI 	<p>On-Going</p>

Heading	Action	Timing
<p>Targeted Delivery Appendix A</p>	<p>The Cumbria districts are working with the Energy Savings Trust and ECO Providers on initiatives that will identify the areas across Cumbria that offer up the highest potential of Carbon Saving Returns, or high concentrations of Fuel Poor households.</p> <p>This work is essential as in order to ensure that these target areas will provide the best carbon yield, offer up opportunities for regeneration, and help to reduce Fuel Poverty.</p> <p>Once identified these areas will be added to the report, under this Appendix A.</p>	<p>Jun-July 2013</p>
<p>Sign Off</p>	<p>This report has been agreed with each of the six districts, approval is through the district Chief Executive Officers, with reporting to the office of the relevant portfolio elected members.</p> <p>The report is published on line at:-</p> <p style="text-align: center;">www.cumbriawarmhomes.org.uk</p> <p>Report Author:- Thomas H Barlow Project Development Officer Cumbria Affordable Warmth Project 01228 817239wk 07793666152mb</p>	<p>March 2013</p>
